Rejection Under 35 U.S.C. 102(e)

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 11-12 are rejected under 35 U.S.C. 102(e) as being anticipated by Whitehouse et al. (5,962,851). (See the reasons as indicated in the previous office action dated 01/12/2005).

Claim 13 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Applicant's arguments filed on 17 February 2005 have been fully considered but they are not persuasive.

Applicant argued that Whitehouse et al. (5,962,851) does not disclose a two-dimensional multipole ion guide that functions as a two-dimensional ion trap as recited in part c) of claim 11.

This argument is not persuasive. Since, Whitehouse et al. (5,962,851) disclose a two-dimensional multipole ion guide that functions as a two-dimensional ion trap (see col. 3, lines 51-57; col. 5, line 67 to col. 6, line 4; col. 10, lines 17-20; and col. 19, lines 34-37).

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
